

# Sign Pro PDF for Windows

Kupnjom **Signature Set** potpisnih tableta ostvarili ste pravo na korištenje Sign Pro PDF sotvera u limitiranoj LITE inačici. Sign Pro PDF se automatski podiže u LITE modu nakon instalacije. Kako bi isprobali mogućnosti pune FULL version inačice, prebacite se na EVALUATION Mode u Settings panelu, **kako je navedeno dolje**.

Nakon instalacije aplikacije izaberite **Settings > About > Update Licences** i zatim promijenite Mode iz LITE u EVALUATION, Evaluation mod ima sve funkcije pune inačice, ali označava PDF s vodenim žigom "Evaluation".

## Dolje je navedne razlika između besplatnog "Lite" i "Evaluation/Full Mode"
